Docket No.: 22153-00002-US

LISTING OF THE CLAIMS

1. (Canceled)

2. (Canceled)

3. (Currently amended) The mitt of claim 1, A mitt removably associated with a vehicle washing brush comprising:

a material formed into the approximate shape of said washing brush, wherein said material is capable of fitting around said washing brush, and said material has a first surface facing and in contact with said washing brush, and a second surface opposite said first surface facing away from said washing brush, and wherein said second surface is woven with fibers capable of washing a surface of a vehicle, and said material is capable of allowing the passage of water from said washing brush;

a fastener capable of securing said mitt onto said brush while water passes through said washing brush wherein said fastener comprises at least one VELCRO® strap.

4. (Currently amended) The mitt of claim 1, A mitt removably associated with a vehicle washing brush comprising:

a material formed into the approximate shape of said washing brush, wherein said material is capable of fitting around said washing brush, and said material has a first surface facing and in contact with said washing brush, and a second surface opposite said first surface facing away from said washing brush, and wherein said second surface is woven with fibers capable of washing a surface of a vehicle, and said material is capable of allowing the passage of water from said washing brush;

a fastener capable of securing said mitt onto said brush while water passes through said washing brush wherein said fastener comprises at least one pair of pieces of material capable of being tied, fastened, buckled or buttoned together.
